310 Bathurst St.
Toronto, Ontario
M5T 2S3

Dear Miklos Legrady,

Please accept this letter in support of the Blue Spiral Project, a proposal to paint the smokestack at the Toronto Western General Hospital.

The colour BLUE is associated with spirituality, hope and optimism, all of which seem most appropriate suggested symbols for the patients and neighbourhood residents.

All great cities have famous landmarks and a beautiful Blue Spiral would be a welcome addition to the Toronto skyline.

I wish you success in completing this creative project and look forward to directing visitors to the Blue Spiral.

Best regards,

Olga Korper
Director
